

Inside lashing LC 1000 daN with latch to universal tracks

Product information

Inside Lashings are commonly used inside large and small trucks to secure the goods. The advantage of a small ratchet and lower tensioning power is that you minimize the risk of damaging the track. All components are tested and of high quality to ensure a long durability and high safety. The strap is made of high strength polyester webbing, which makes the lashings very flexible and durable.

Material: Polyester & Steel

Note: Maximum allowable webbing elongation 4%. Standard length of short part is 0,5m
